

## **Medicare:** (for those over 65 generally speaking)

- Can get the Quitline Iowa benefit of 8 weeks NRT
- Can receive phone counseling
- Can use the Web Only support

## **Uninsured:**

- Can get the Quitline Iowa benefit of 8 weeks NRT
- Can receive phone counseling
- Can use the Web Only support

## **Medicaid:** (for low-income Iowans generally speaking)

- Can NOT get the Quitline Iowa benefit
- CAN get the Medicaid benefit
  - “better” than Quitline benefit because it’s longer (12 weeks) and can cover medications (like Chantix and Bupropion) or NRTs
  - More hoops to go through to get it
  - There is a training on the CP page about this benefit
- Can receive phone counseling
- Can use the Web Only support

## **Everyone else:**

- Can NOT get the Quitline Iowa benefit
- Can NOT get the Medicaid benefit
- Can receive phone counseling
- Can use the Web Only support
